

BIOHACKING SUMMIT PRAGUE

08.11.2025

Palace Gabriel Loci
Holečková 106/10, Prague 5

Connecting
Science
Nature
Culture

The first international Biohacking Summit in Prague, where modern science intertwines with the rich Slavic culture of Central Europe. In the setting of a historical monastery, we will create a space for sharing the latest knowledge and approaches to health, vitality, and longevity.

Join a community of curious and forward-thinking people from across Europe. Together, we will discover harmony between scientific innovations and natural wisdom, which shapes a new approach to our health and potential.

WHY BECOME OUR PARTNER?

- **Premium Audience:** Direct access to decision-makers, health innovators, and early adopters (700 people in person, 20,000 people online).
- **Unique Venue:** The setting of a historical monastery creating an unforgettable atmosphere along with the presentation of your brand.
- **Expert Speakers – 20 world personalities including biohacking pioneers:**
Teemu Arina (FIN) - Founder of Biohacking Centre Europe, Eduard De Vilde (NL) - Founder of Biohacking 3.0 Education Platform, Adam Česlák (CZ) - Performance Lifestyle
- **Emphasis on Experience:** We go beyond traditional sponsorship by creating immersive branded experiences.
- **Limited Number of Partners:** Carefully selected partners to ensure maximum visibility and opportunity for mutual growth and participation in the already planned 2026 event.

MAIN PROGRAM HIGHLIGHTS

- Opportunity for a Partner Event (November 7): Organize your own specialized event or lecture as part of the Summit
- Design Biohacking Pop-up Dinner (November 7)
- Two Main Conference Halls in Historical Spaces (November 8)
- Dedicated Exhibition Space in Monastery Corridors
- VIP Networking Space in the Historical Library
- Practical Workshops Throughout the Event
- Live Demonstrations of Biohacking Technologies
- Interactive Experience Zones

PARTICIPANT PROFILE

- 700 in-person participants
- 20,000 online participants (through live stream and subsequently a Christmas package containing all lectures and exclusive content)
- C-level managers and decision-makers
- Health and wellness professionals
- Biohacking enthusiasts and practitioners
- Technological innovators and early adopters
- High-net-worth individuals focused on optimization
- Entrepreneurs with an interest in health

COMMUNITY NETWORK

Join our growing community including:

- Active community around Dušan Plichta, the father of Biohacking in Slovakia
- Active community of Czech creators joining the Biohacking Summit
- Collaboration with pioneers of Biohacking Summits across Europe

We plan throughout the year, between Biohacking Summits:

- Regular intimate gatherings
- Exclusive small events
- Online connection through our own platform
- Continuous education and networking opportunities
- Direct access to pioneers in the field
- The specific form of community network activations depends on the team's energy and partner involvement.

PARTNERSHIP OPPORTUNITIES

Premium Partner Levels:

01. Biohacking Pioneer

(last available position) (10,100 EURO)

- Premium exhibition space in the historical library

- VIP networking access
- Digital content integration

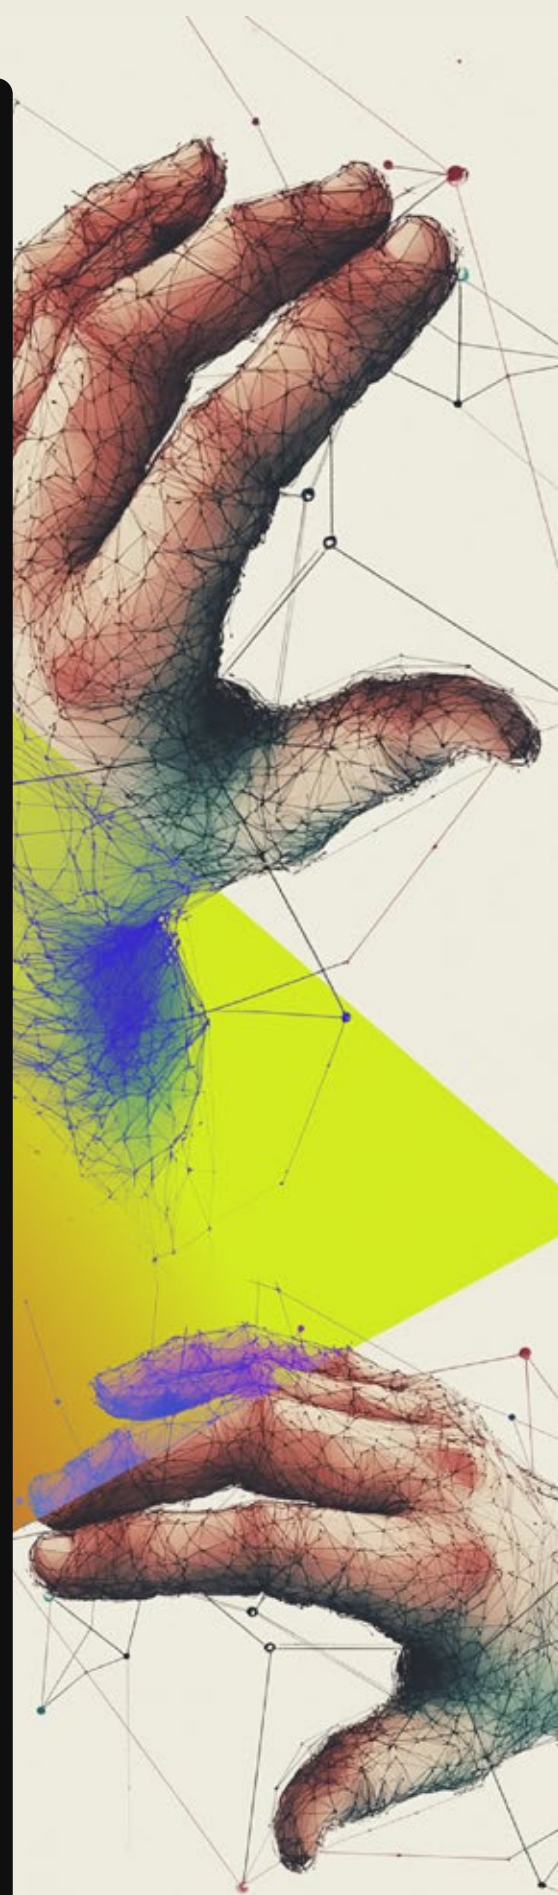

03. Optimization Partner

(Limited to 20) (1,050 EURO)

- Exhibition spot
- Product sampling opportunities
- Digital integration

WHY US?

- The unique fusion of biohacking experts and production platform creates a new dimension of possibilities and opens space for a successful international event.
- Our events change perspectives and open new horizons.
- We create sustainable events with a positive impact on all participants.
- Authentic partnership instead of conventional sponsorship - We build value relationships that bring deep meaning to all parties.
- Partnership with us creates a lasting bond with your ideal clients.

BIOS

Dušan

Program curator and initiator of the idea, Dušan Plichta is the visionary behind the successful international functional foods brand Powerlogy. With more than 10 years of expertise in the field of biohacking and an extensive European network, Dušan is recognized as a pioneer of biohacking in Slovakia.

Vladimir

is an event producer with 15 years of experience who has spent the last decade working with organizations focused on sustainability, mental health, holistic lifestyle, and local economic development. Since 2024, Vladimir has been bringing the design thinking studio Aeternum.life to the Czech environment, focused on revitalizing places and development.

Johnny

Director of sales and partner network for the Biohacking Summit, Jan „Johnny“ Allister is the founder of the men's project BROTHERS.bio and a BUDOKON teacher and instructor of movement and combat. His background, besides movement practice, comes from an advertising agency for TV production, startups in the world of biohacking, technology, and personal development.

Daniela

is a coach and consultant specializing in projects with positive social impact. She is brought to the project by her passion for connecting people, ideas, and the opportunity to mobilize an important topic in society. She brings her extensive experience in organizing events and the ability to create inspiring environments for knowledge exchange and networking.
